

## My Wander Buddy – ReadMe Guide

### Welcome to My Wander Buddy

Thank you for purchasing **My Wander Buddy**, your minimalist digital dashboard for remote CEOs, freelancers, travelers, and nomadic creatives. This lightweight tool helps you stay organized on the move — without logins, subscriptions, or complicated systems.

### How to Open the Dashboard

1. Download the file: *My-Wander-Buddy.html*
2. Save it to your device (computer, tablet, or phone).
3. Double-click the file to open it in your browser (Chrome recommended).
4. The dashboard loads instantly — no installation needed.

### Where Your Data Lives

Your data is stored **only on your device** using local browser storage.

- No cloud uploads
- No accounts
- No tracking
- 100% private

**If you clear your browser data, your dashboard will reset.**

### Tips for Best Use

- Bookmark or pin the file for quick access.
- Use Chrome or Edge for best performance.
- If switching devices, simply copy the HTML file to the new device.
- For a fresh start, clear your browser storage.
